**AMENDED SUBMISSION UNDER 1.114(c) REQUEST FOR CONTINUED
EXAMINATION**

Sir:

Responsive to the Office Action mailed April 16, 2007 and the Final Office Action mailed July 31, 2006, reconsideration is respectfully requested in view of the following amendment and remarks. In the April 16, 2007 Office Action, the Examiner indicated that the amendment filed on March 30, 2007 was non-responsive because the "remaining claims are not readable on the elected invention because they provide a method and system for handling cash using an electronic validation of the cash in claims 50-54, a method and system for handling a check using an electronic representation of the check in claims 55-101 which were not in the originally presented claims claiming a method for image based transactions."

Claims 50-101 have been amended herein such that they claim a method for image based transactions or a system for conducting image based transactions.

Amendments to the Claims are reflected in the listing of claims which begins on page 3 of this paper.

Remarks/Arguments begin on page 11 of this paper.
